RCA BEGINS HIGH SCHOOL TENNIS PROGRAM

Riverside Christian Academy started its first high school tennis program this year under Head Coach Troy Slone. Coach Slone played #1 Singles at Cumberland University for four years in college. He coached high school tennis in Indiana for one year and at Lincoln County High School for four years. During his coaching tenure at LCHS, the Falcons won three boys district titles and one girls title. He has also held a USPTA tennis certification, which is the largest tennis teaching professional group.

The Knights have had one match so far this season against the 2014 Middle Tennessee Athletic Conference Champion, the Currey Ingram Academy Mustangs. The Knights lost, but played several close matches. RCA Sophomore Peyton Smith won her match at #2 Girls Singles. The match against Currey Ingram was the first for every player on RCA's team except for freshman, Olivia Mann, who has participated on the county-wide middle school team.

“We are excited to start developing this program. It will be a great benefit to future students, and we're thankful to the group of students who are leading the way for the first high school tennis season at RCA,” said James Bryant, RCA's Head of School.
